

ADVENTUREMICE

CHARACTERS

One of the most exciting things about creating stories is deciding who will be in them! Reeve & McIntyre introduce you to their Adventuremice team:

PEDRO

Pedro set off looking for adventure and found... the Adventuremice! He's young and very nervous that he won't fit in with this team of brave rescuers, but he has a lot of heart and he's willing to learn.

No one's quite like Skipper: he's a mystery to all the Adventuremice. The oldest and most battered of the mice, their leader Skipper has a fearsome history of battling sea creatures and even lost his leg to a cat. But no one knows how he lost a chunk of his ear, and they're all a bit too nervous to ask.

SKIPPER

IVY

If you're wondering why the Adventuremice have so many great machines, that's Ivy's doing. This clever inventor mouse can turn the simplest bath toy into a fully working seafaring vessel.

MILLIE

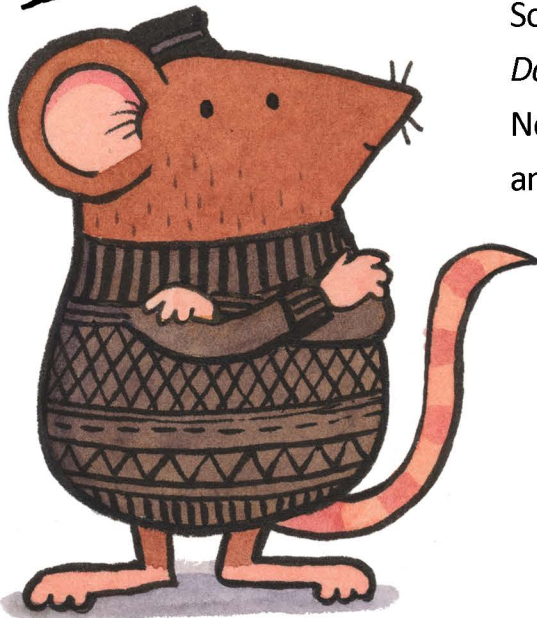

Listen for the tiny thrumming of helicopter blades... that will be Millie, the brave pilot, ever so stylish in her red beret. If anyone gets hurt, Millie's there with her first aid kit and knows just what to do.

Look up in the air to spot Fledermaus, who's most often seen dashing about in his tiny sea plane. He's reckless and impulsive, but his speed and daring have saved many a stranded mouse.

FLEDERMAUS

BOSUN

Solid and trustworthy, Bosun has piloted *The Daring Dormouse* through the fiercest of storms. No mouse has ever beat him at an arm-wrestling match and he can smell a crumb of cheese from 100 yards away.

You're likely to find Juniper underwater in her submarine. Juniper is curious and thoughtful. Despite her poor eyesight, she is often able to see a clear way forward when no one else can. She's visited a great deal of the seabed around the Mouse Islands and is keen to explore further.

JUNIPER
