What secrets might the trees share with us ... if we'd only ask?

- Friendly, accessible text.
- Sparks questions about who we are and what makes us who we are.
- Gorgeously illustrated.
- Inspires an interest in the natural world.

Do trees have souls?  
I wonder as I run my hand over the rough bark,  
wrinkled like my fingertips  
when I've stayed in the bathtub too long.

Or is it just like the feeling of growing up? Like getting  
a haircut, or no longer fitting into my favorite dress?
