Lily lives with her dad in a tiny house, in a busy city. Her Granny Small lives there too (in the granny flat!). From finding treasure to making wishes, Lily and her family share delightful adventures.

- Simple sentences, short chapters, large font, word art and illustrations.
- Positive values: empathy, perseverance, facing one's fears.
- Engaging main character; supportive, loving family.

In the moss garden behind the house there is an even tinier house called a granny flat. And in the granny flat lives Lily's granny.

It is midnight and Dad is snoring. But Lily is wide-awake. An owl is hooting.

Lily shivers with each hoot.

"Who's awake? Who? Whooooo?" asks the midnight owl.

Lily covers her ears with her pillow.
