Miss Spinnaker laughs. "Polly, why would Miss Madden's want to expel their most powerful witch? I can't guarantee that you won't end up with a whole lot of cleanup duty, though!"

Polly grins. She watches the witches and monsters fighting the gorvan side by side and feels more hopeful than she has in a long time. Even though burning globs of slime still **boil** and **spit** from the purple cloud, the noise of the gorvan is definitely becoming fainter.

This is the true heart of Blackmoon Coven, she thinks. This is where the good is! When monsters and witches work together there is no way the gorvan can defeat them!

But as Polly looks up at the sky, she spots something that makes her chest fill with anger. Mrs. Halloway circles high above them, flashing her wand at the gorvan's cloud, and each time she does, Polly sees it grow again.
