

1 Imagine your kitchen at home. Write about how you get from one end of it to the other to get:

A  a nice piece of cheese

OR

B  a tasty chocolate cookie

**BUT...**

2 You are a MOUSE, so the kitchen seems enormous! Table legs are like massive pillars, cabinet doors are cliffs, the pantry is a cathedral of snacks.

3 How do you cross the kitchen? What perils do you meet on the way, and how do you overcome them?
