Further Review Praise

"It is nearly impossible to look at without reading aloud, chanting aloud and even tapping and stamping and sliding ..." – *Kirkus Reviews*, STARRED

"... lends itself to reading aloud, and it invites both chiming in and imitating the dinosaur's movements (preferably sans mud). Better still, the sturdy pages are sufficiently coated for easy wiping off if muddy fingers do happen to turn them." – *Publishers Weekly*

"... toddlers will get a real kick out of the dirty dinosaur, and especially the energetic and colorful refrains." – *Jen Robinson's Book Page*
