The dinosaurs!

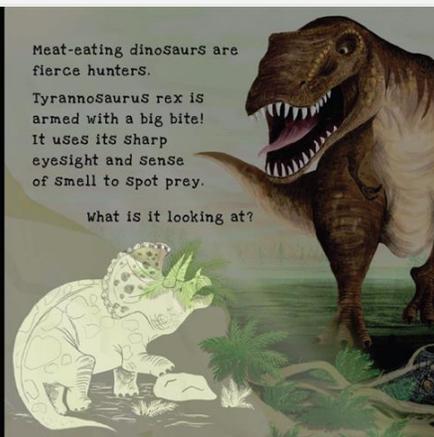

AS time goes on,
new kinds of dinosaur appear.
They quickly become the biggest,
most awesome animal
group on land.

Meat-eating dinosaurs are
fierce hunters.

Tyrannosaurus rex is
armed with a big bite!
It uses its sharp
eyesight and sense
of smell to spot prey.

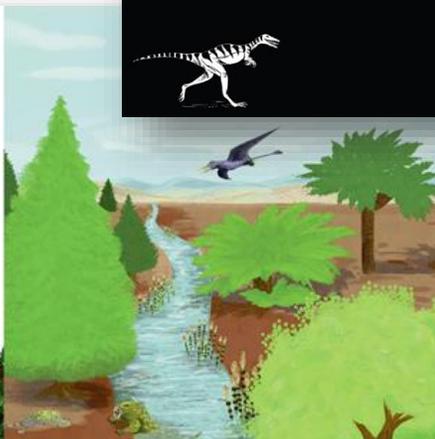

What is it looking at?

The dinosaurs were alive long
before there were people.

Meet them as you explore their world of
dense forests, steamy jungles and shallow seas.
See how they lived and why they became extinct,
and find out how we know so much
about them today.

Shine a flashlight behind the pages to reveal
what is hidden and discover a prehistoric
world filled with surprises.
